## PUMP & VALVE

## Who We Are:

Customer service is our top priority and for over 30 years, Permian Pump & Valve, formerly Permian Valve Repair, has been providing top quality field and shop services to the upstream, midstream, and downstream markets. In 2022 we expanded our product selection to include pumps, motors, and controls. By expanding our capabilities, we are able to provide a full range of quality, yet cost-effective solutions to all your pumping and fluid control needs.
